## **Michigan Office Solutions partners with RNS Packaging to provide a sustainable solution for packaging.**

Grand Rapids, MI --Michigan Office Solutions (MOS), a wholly owned subsidiary of Xerox Co. and a provider of leading-edge office technology for businesses, announced today that it will no longer ship its products in traditional packing peanuts and brown craft paper. Instead, MOS will use FunPak Packaging, the biodegradable loose fill packaging provided by RNS Packaging, a veteran owned company committed to manufacturing in the United States.

MOS has been supporting organizations throughout the state of Michigan for over 59 years. "Sustainability is no longer viewed as a cost of doing business but a way of doing business. I am proud of our employees who think globally while acting locally to embrace the sustainability philosophy" stated Ralph Slider, President of MOS. " We are happy to be partnering with RNS Packing to do our part in reducing our current and future ecological footprint". The Michigan based company ships over 350 packages out of the Grand Rapids location every business day. With RNS Packaging in place, MOS will be reducing plastic from the lifecycle of plastic packaging consumption. MOS will also reduce time spent packaging products by 5% thus allowing its employees to be more productive with their time.

"RNS Packaging is proud to be a part of Michigan Office Solutions' commitment to sustainability and making Michigan a great place to live and do business," said RNS Packaging founder Rich Daniels. "We are proud to partner with an industry leader in cutting edge office solutions and sustainability to provide their customers a unique unboxing experience with MOS branded FunPak."

### **About Michigan Office Solutions**

Michigan Office Solutions (MOS) represents the best of both worlds when it comes to your business solutions – the technology strength and innovation of Xerox along with the agility of locally managed services and support team. MOS has been serving the Michigan community for over 57 years with eight locations throughout the state. Through the MOS 360° Assessment process, we help businesses transform their work environment, streamline processes, and improve employee productivity and increase their sustainability. Get back to focusing on what you do best, we'll take care of the rest. Michigan Office Solutions, you can count on us. For more information, visit [www.mos-xerox.com](http://www.mos-xerox.com).

**RNS (Really Neat Stuff) Packaging** is revolutionizing the unboxing experience with FunPak brand loose fill. Patented FunPak is the world's first fun shaped, biodegradable alternative to plastic bubble wrap, Styrofoam peanuts, and other toxic packaging. RNS is veteran owned and committed to manufacturing all of its products in the United States. For more information visit [www.RNSPackaging.com](http://www.RNSPackaging.com) and follow us on Facebook at [FunPak](https://www.facebook.com/FunPak) or on Twitter [@theFunPak](https://twitter.com/theFunPak).
